## RENTAL QUALIFYING STANDARDS & FEE SCHEDULE

Dwell Apartments, LLC and The Klein Company conduct business in accordance with the Fair Housing act. We provide equal housing and service for all people regardless of race, color, religion, sex, national origin, handicap or familial status, or any other protected class as defined by state and local jurisdiction.

**Identification:** To tour the community, visitors must present a government issued photo identification. We use Docusverus, a 3<sup>rd</sup> party verification service, to verify the identity of prospective residents and apartment applicants. The visitor's ID document will be scanned prior to any apartment or community tour. If the ID document cannot be validated by our 3<sup>rd</sup> party provider, we be unable to provide an apartment or community tour. A government issued photo ID is also required to execute the lease agreement.

**Rental Rates:** Rental rates change daily and are based upon the apartment selected, the move in date and the length of the lease. Quoted rents will be honored for 48 hours.

**Apartment Availability:** Management cannot guarantee occupancy of any apartment. The actual date of possession is contingent upon completion of the selected apartment or the vacating of the previous resident.

Applications for apartment homes will be accepted on a first come-first serve basis and are subject to the availability of the specific apartment type requested.

An apartment becomes available to lease when Management posts the notice in the software program, which will happen when one of the following occur:

- A written notice to vacate is received from all current lease holders;
- Keys to an apartment have been returned by prior lease holder;
- A vacancy has been validated.

Under certain circumstances, we will permit current residents who are not in default on their lease to withdraw or change their notice of moving. Other circumstances not necessarily under management's control may also delay the date of availability of an apartment. In addition, an apartment may not be considered available because it is about to be placed under contract as an application has been made and a deposit has been placed to hold the apartment by another applicant. If the applicant's credit is not approved or if the applicant fails to sign a lease by the specified date, then the apartment would again

become available. Whether a particular unit or type of apartment is available can vary significantly within several hours or a day.

**Qualification Guidelines:** Persons aged 18 or older are required to complete a lease application and upon approval, will execute the lease agreement as a Lessee. Application must be completed in its entirety. The information provided will be verified. Information that is inaccurate or that cannot be verified may result in the application being denied. Income plus verified credit history and identity confirmation will be entered into a credit scoring system which determines both rental eligibility and security deposit level. Criminal history will be verified and must meet the standards outlined below. Each applicant's criminal status will be individually evaluated; leaseholders' income and credit will be combined. Any person residing in the apartment must be listed on the application including persons under the age of 18. Prior Landlord references may also be checked.

**Credit Worthiness:** A credit report will be secured for all leaseholders to verify account credit ratings. The results will be entered into the credit scoring model, which determines applicant eligibility to rent and security deposit level. Unfavorable accounts which can negatively influence this score include, but are not limited to: prior evictions, collections, charge off, repossession and current delinquency.

**Identity Verification:** We use Resident Verify to perform the screening of our applicants. Resident Verify utilizes Precise ID and Biometric ID scanning to confirm your identity. After submitting your application, you will receive an email with instructions about this process, which includes a single-use authentication code sent to your cell phone. This process is time-sensitive and will need to be completed within 10 minutes of starting the process. If additional verification is required, you may also receive a text message requesting further verification through Plaid.

This verification process must be completed before the application can be approved. If this process has not been started within 48 hours of application submission, the application will be automatically denied.

**Income Verification:** We use DocuVerus, a 3rd party verification service to verify income and identity of all apartment applicants. A government issued photo ID and proof of verifiable recurring sources of income equal to 3 times the monthly market rent (plus all other rental charges such as pet, garage, storage rent, etc.) are required. Verifiable sources of income include, but are not limited to, recurring payroll deposits, distributions from investments, social security, etc. Gross annual income for all applicants is combined. Additional sources of income such as banking or investment statements, may be considered.

After completing the application, a website link will be sent via email. Income and Identity Verification documents must be in PDF format and uploaded to the 3<sup>rd</sup> party provider site within 48 hours of completing the lease application. Failure to do so may result in the application being denied.

For recurring sources of income, original verification documents for the 6 weeks immediately preceding the submission of a lease application are required. For banking or investments statements, original verification documents for the 3 months preceding the lease application are required.

Management may request additional documents.

**Criminal History:** A criminal background check will be conducted for each rental applicant. The criminal search will be run for all addresses at which the applicant(s) has resided over the previous 24 months.

We perform criminal background checks for each applicant in accordance with applicable federal and state laws. Your signature below authorizes us to check for certain convictions. An unsatisfactory criminal background check revealing a conviction of certain felonies and certain misdemeanors may result in denial of your application. However, not all crimes disqualify you from living at the community. Crimes which may result in a denial of residency are those which pose a serious threat to the health, safety and welfare of persons living and working in our community, taking into account not only the type of crime but also the date of the crime and the circumstances under which it occurred.

The fact that we perform criminal background checks does not mean that our residents and occupants have no prior or current criminal histories, and we cannot and do not guarantee that this community and its residents are free from crime. Verification of the accuracy of information supplied to or made available to us by applicants and credit/criminal reporting services is limited.

The application will be denied for the following felony and/or misdemeanor convictions:

Any terrorist related conviction/Federal Watch List per Office of Foreign Assets Control (date unrestricted);
